Re: Modification to the Remedial Design/Remedial Action Work Plan;  
Administrative Order by Consent, Docket No. V-W-02-C-711

Dear Ms. Massenburg:

It has become obvious that the Respondents cannot effectively respond to the verbal modification to the Remedial Design/Remedial Action Work Plan (RD/RA Workplan) put forth by the USEPA and OEPA during the December 4, 2002 conference call without the modification(s) being clearly articulated in writing. Therefore, the Respondents respectfully request that the USEPA and OEPA put the verbal modification regarding removal of the raised dock in a letter. Please send the letter via certified mail to my attention with a copy to Mr. Marcus Martin.

Thank you for your assistance in this matter.

Sincerely,

Terry S. Casey  
Project Coordinator
